

The Tallahassee Garden Club, Inc. is a 501(c)3 not for profit organization. The mission of the Club is to further the education of its members and the public in the fields of gardening, horticulture, botany, floral design, landscape design, and environmental awareness through conservation of natural resources, civic beautification and preservation, nature studies, and to instill in our youth and our community the love of gardening and the respect for and protection of the environment.

The Tallahassee Garden Club, Inc., established in 1926, has a rich tradition of community involvement. From its first Plant Exchange in 1931 which traveled through neighborhoods in ox drawn carts, to the monthly Plant Exchanges of today, the Club's more than 500 members continue to sponsor and support numerous programs that enrich the city in countless ways. Below is a partial list of current projects. More information can be found at tallahasseeclub.com.

- Community Christmas Open House
- Senior Citizen Floral Arranging Classes
- Hope Community
- My Night to Shine
- Monthly Plant Exchange
- Fall and Spring Flower Shows
- Spring Plant Extravaganza
- TMH Cancer Center Healing Garden
- The Third Live Oak Trail
- US Forest Service's Penny Pines Program
- Youth Gardening in Leon County Schools

The Friends of Maclay Gardens, Inc. is a non-profit citizen's support organization for Alfred B. Maclay Gardens State Park. It is a volunteer community group dedicated to its mission "To support and enhance our unique State Park while ensuring the Maclay legacy continues to be maintained for future generations to enjoy." Community support helps build a strong constituency for this unique resource and raise funds for restoration, preservation and capital projects.

The Friends of Maclay Gardens has assisted Maclay Gardens State Park in many ways. Recent accomplishments and ongoing projects include:

- The purchase of a 6 passenger golf cart to facilitate access for people with disabilities
- Financing for a major upgrade to the Park's antiquated irrigation system, resulting in reduced water use
- Construction of an accessible wildlife viewing platform on the southern side of Lake Overstreet

The Tallahassee Garden Club and the Friends of Maclay Gardens
